**RCV Sales**  
Rye Wharf  
Harbour Road  
Rye  
East Sussex, TN31 7TE

POWER STEERING  
ELECTRIC WINDOWS  
REMOTE CENTRAL LOCKING

Heritage Edition replica, Reg No LA57HUE ( LAST HUE) . The 1st Land Rover, Reg No HUE166 is surviving and known as "HUEY". At the end of Defender production Land Rover built for the UK just 400 Heritage editions as a homage to the 1st Land Rover. These Defenders instantly gained collector status and from the start sold at above list price, now selling between 2 and 3 times price when new. For clarity this is a replica not an original. A great deal of effort went into the build to produce a Defender as close as possible to an original (please google one to see). Finished in Grasmere green this low mileage Defender has the following specification;- electric windows, central locking, genuine HUE 166 seats, badges, mud flaps and much more. Body off refurbishment to a high standard, probably the closest replica on offer..... Offered by the current owner as a private sale. This Defender was built by us in 2020. Viewing is by APPOINTMENT ONLY as our stock is kept in a warehouse...
